# About **Ouriginal** Integration with Blackboard

Urkund can be added to an institutional LMS through an API integration. The integration allows the institutional Admin User(s) access to the Ouriginal tool features through their LMS without having to make changes to the LMS properties. Blackboard institutional Admin User(s) can add the Ouriginal tool to their Blackboard, making it available to instructors as a pre-configured tool for their courses.

#### Open your course. Select assignment and submit.
