About Ouriginal LTI Integration with Canvas

Ouriginal can be added to an institutional LMS through an LTI tool integration. The integration allows the institution Admin User(s) access to the Ouriginal tool features through their LMS without having to make changes to the LMS properties. Canvas institution Admin User(s) can add the Ouriginal tool to their Canvas instance, making it available to instructors as a preconfigured tool for their courses.

Canvas LTI Integration Instructions

In Canvas, got to the Admin icon and select Settings

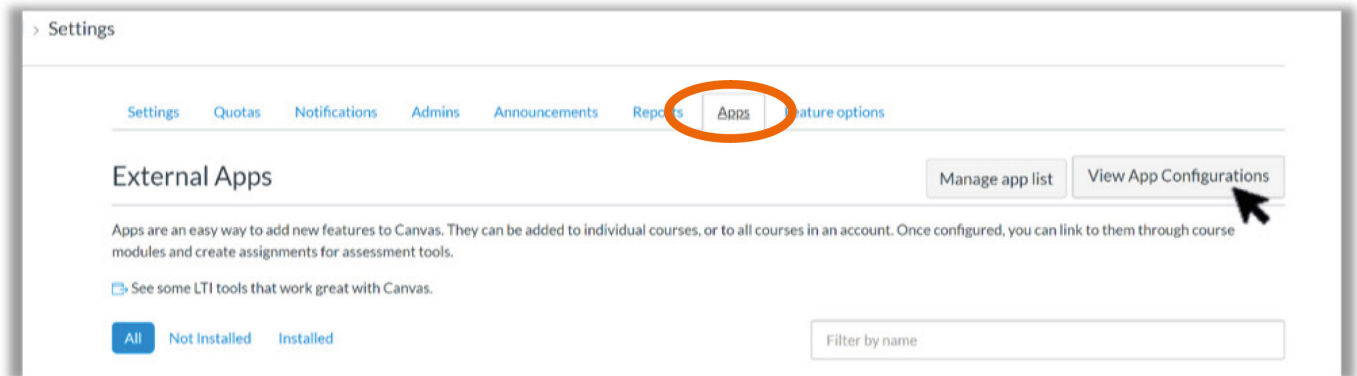

Select the "Apps Tab and then select "View App Configurations"

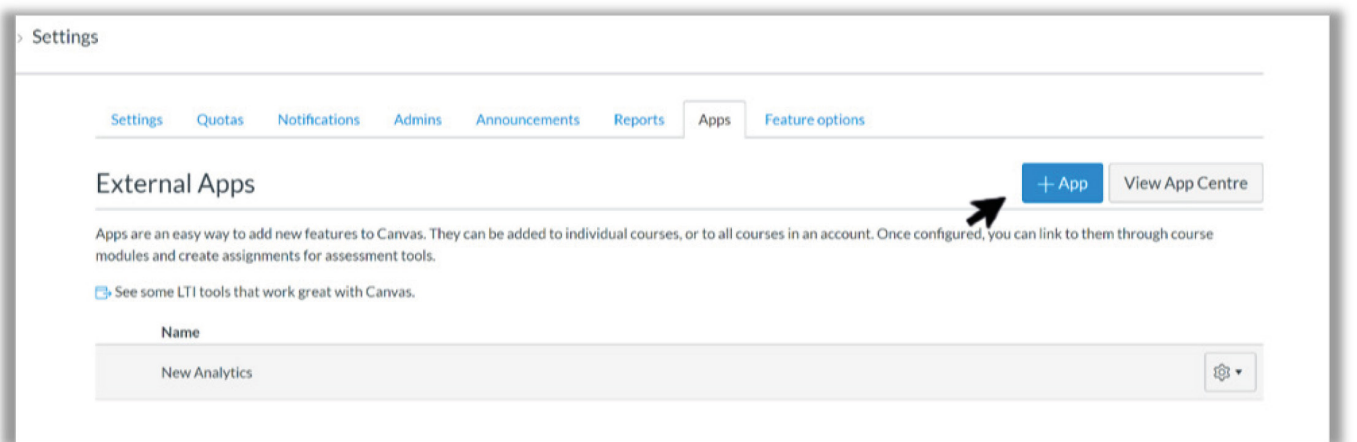

Sometimes the colored tab does not appear immediately. When that happens, you will see a 'clock' icon showing that the file has been submitted and is 'pending' the results.
